ON OUR COVER

Photography by Steve Young for Russo, Young & Associates.

Hair and makeup styled by Diane Marinelli for Cornerstone Salon & Spa.

Designer Helen Hamann, using *Skacel Collection, Inc.* *Divine*, a baby Alpaca, silk and cashmere blend, has created this Peruvian-inspired tunic. Using a very simple needle weaving technique directly through the stockinette stitch at the hem, a bold geometric design is created. Wear this batwing tunic as mini-dress or pair it with tights this fall, to wear through the winter season. With buttoned side slits, a soft cowl-neck, and overall texture, this piece is truly a class act.

3 Silken Feathers Wrap

Continued from page 43

FINISHED MEASUREMENTS

- 28" wide x 50" long

DESIGNER NOTES

- Lace Stitch Pattern used is from *Barbara Walker's Second Treasury*, page 286 "Japanese Feather Stitch".
- CC yarn will be split between two ends of wrap for ruffle. Designer suggests weighing the skein, and winding off half the skein to create two equal balls. Test the weight of the newly wound ball until the half the original skein weight has been reached. Tip: a postal scale works great!

- The middle section of the wrap is worked first, and the sides are picked up and worked outwards.

LACE STITCH PATTERN (multiple of 11 sts + 7)

Row 1 (WS) and odd numbered rows: K4, *P10, K1; rep from * to last 3 sts, K3.

Row 2, 4: K3, *P1, K10; rep from * to last 4 sts, P1, K3.

Row 6, 10, 14: K3, *P1, K1, (yo, K1) 3 times, (ssk) 3 times; rep from * to last 4 sts, P1, K3.

Row 8, 12: K3, *P1, K1, (K1, yo) 3 times, (ssk) 3 times; rep from * to last 4 sts, P1, K3.

Row 16, 18: As for Row 2.

Row 20: K3, *P1, (K2tog) 3 times, (K1, yo) 3 times, K1; rep from * to last 4 sts, P1, K3.

Row 22: K3, *P1, (K2tog) 3 times, (yo, K1) 3 times, K1; rep from * to last 4 sts, P1, K3.

Row 24: As for Row 20.

Row 26: As for Row 22.

Row 28: As for Row 20.

Rep Rows 1 – 28 for Lace Stitch patt.

WRAP

With MC and provisional cast on technique, CO 117 sts. Next row (WS): Beg Lace St pattern as charted. Rep Lace St patt until both skeins of MC are finished and after working a WSR.

Ruffle Edging
Divide CC skein in half as suggested in the

Designer Notes above. **Row 1 (RS):** Change to CC and kf&b in each stitch across [234 sts]. **Row 2:** *K3, P3; rep from * to end. Rep Row 2 until first ball of CC has been used (ruffle meas approx 3-4") – save enough yarn for the bind off row! BO very loosely, as foll: K1, *yo, K1, with LH ndl slip first st and yo up and over second st and drop off RH ndl. Rep from * to end. Fasten off.

Opposite End Ruffle Edging

Pick up live stitches from provisional cast on edge [117 sts], ready to work a RSR. **Row 1 (RS):** With second ball of CC, kf&b in each stitch across [234 sts]. **Row 2:** *K3, P3, rep from * to end. Rep Row 2 until ruffle meas same as first ruffle worked, saving enough yarn for the bind off row. BO as for first ruffle.

FINISHING

Weave in loose ends. Wash, block to finished measurements, and let air dry. Note: When pinning out shawl to block, for a scalloped edge, pin into each eyelet wedge of the edging.

Designed by Kristin Omdahl exclusively for Tilli Tomas.

Chart(s) for Project 3 can be found on page 112.

DESIGNER NOTES

- It is imperative to take a proper gauge swatch, felt it, and accurately measure the felted swatch for gauge. Designer also recommends working 3 separate gauge swatches (larger ndls and MC), felt them separately, and take an average of their after felting measurements to calculate your gauge.
- Felting is not an exact science. Please take your time, and check often the measurements of the piece in comparison to finished measurements on the schematic for shrinkage during the wash cycle.
- Recommendations: Designer found best results with this particular fiber/yarn felting in the COLD wash cycle with regular laundry detergent and a pair of blue jeans for agitation. The felting was complete BEFORE a full wash cycle. Please felt a few swatches first before you begin to knit your jacket, to make sure your gauge is correct.
- Once desired level of felting has been reached, lay coat flat to air dry. Once dry, use brush to even out surface.
- Coat is worked from the neck down. Designer recommends using a long circular needle to accommodate the number of stitches, even though body is worked back and forth in rows.

SPECIAL STITCHES

Blanket Stitch Thread yarn onto yarn needle. Insert needle into felted fabric approx $\frac{1}{2}$ " from

edge, from back to front and pull yarn through. Reinsert needle into fabric from front to back, and pull needle through loop, being sure that yarn is below needle as stitches are pulled snugly. Continue working in this manner, working from Right to Left, until entire edge has been worked.

DESIGNER NOTES

- Garment is worked from Hip to Shoulder, back and forth in rows. The Hip band is worked in St st, then stitches are embroidered over the band once the pieces are complete. Two side pleats are later created and buttons are then attached to hip band for ease. Note: Hip band is larger than rest of garment to account for the stiffness of the finished woven / embroidered fabric.
- As Front and Backs are shaped, incorporate new sts into stitch pattern as they appear.

SPECIAL TECHNIQUES

Grafting

With stitches on ndls, thread yarn needle (approx. 1" of yarn per stitch). With RS facing, working from right to left, proceed as follows: 1. Insert yarn needle through first stitch on back ndl as if to knit and pull yarn needle through, leaving the stitch on the ndl. 2. Insert yarn needle through first stitch on front ndl as if to pull and pull yarn needle through, leaving the stitch on the ndl. 3. Insert yarn needle through first stitch on back ndl as if to pull and pull yarn needle through, slipping stitch off the ndl; and insert yarn needle through next stitch on back ndl as if to knit, and pull yarn needle through, leaving the stitch on the ndl. 4. Insert yarn needle through first stitch on front ndl as if to knit and

pull yarn needle through, slipping stitch off the ndl; and insert yarn needle through next stitch on front ndl as if to pull and pull yarn needle through, leaving stitch on the ndl. Adjust tension to match garment, and cont in the manner, rep steps 3 and 4 until all stitches have been worked.

Sewn Bind-Off

With stitches on ndl, cut yarn approx three times longer than finished edge to be bound off and thread end onto yarn needle. *With RS facing and working from left to right, insert yarn needle in through 2nd stitch from edge of ndl and out through 1st stitch on ndl. Pull 1st stitch off needle. Rep from * until all stitches have been worked.

STITCH PATTERN

Woven Stitch (embroidered on a background of St st, all embroidery on RS)

First Pass: "Working in sections and rows according to chart, bring threaded tapestry needle over the right half of the V of the stitch to be covered, then under the left half of the same stitch; rep from * across row, following chart and leaving tails to weave in later. Pull thread until snug, without causing puckering.

Second Pass: "Thread yarn on yarn needle, and continuing to follow chart, work same row a second time, bringing threaded tapestry needle under right half of the V of the stitch (embroidered in previous row) and over left half of same stitch; rep from * across row. Continue working in rows, as above, until band is complete on Front and Back. [Note: Each box on the chart represents one stitch].

ing stitch markers after 110th (Right Neck and Shoulder) and 160th (Left Neck and Shoulder) sts.

ASSEMBLY

Join Front to Back

Transfer Back sts onto a working needle. Graft Front to Back starting at cuff and ending at first set of Sleeve markers. Break yarn and rep for other side, leaving neck sts for Front and Back on stitch holders.

Cuff Facing

With smaller ndl, RS facing and A, beg at RH corner of Cuff, pick up and K26 sts across cuff. Purl 1 row (WS). Purl 2 rows (fold). **Next row (RS):** Knit. Work even in St st until Facing meas 2" from fold. BO all sts loosely. Rep for other cuff.

Collar

With 16" circular ndl and A, patt across 50 sts held for Front neck, pick up and K26 sts at Right Sleeve seam, patt across 50 sts held for Back neck, pick up and K26 sts at left Sleeve seam, place marker and join [104 sts]. Work even in patt until Collar meas 10" from pickup row. BO all sts using Sewn Bind-Off.

Weaving

With B, C, D, and E each threaded onto a yarn needle, work Woven Stitch (as above) following charts for Front and Back as follows: with piece up-side down, beg at the Hem edge of piece (not including Facing), working back and forth until St st portion of Body is covered, leaving 18 sts each from edges of Back and 14 sts each from edges of Front without embroidery [to later become pleats]. If your hips are small-

er than the pattern allows for, you may want to reduce the number of sts to be embroidered on each side of each chart to create a larger pleat and tighter fit around the hips.

FINISHING

Sew underarm seams. Fold cuff facings in and secure them with a whip stitch. Fold in hem facing on Front and Back and secure it as above. Weave in all loose ends.

Wash pullover in cold water with a mild soap or hair shampoo and rinse with a conditioner. Allow garment to dry flat. When still slightly damp, gently block with a steam iron.

Button Loops (make 6)

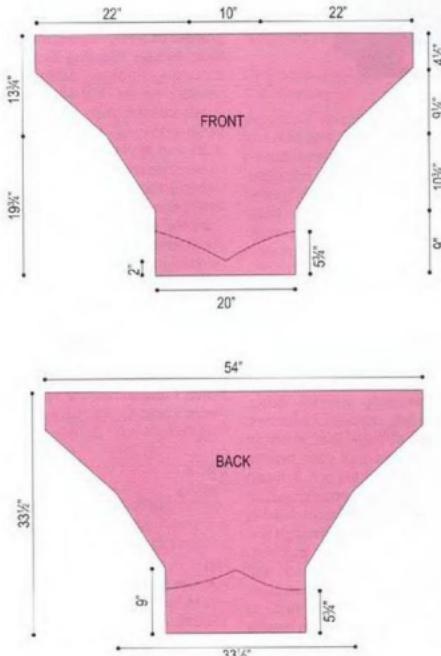

With A and dpns, make an I-Cord as foll: CO 3 sts leaving a 5" tail. "Knit 1 row, sl sts to RH end of ndl; rep from * until I-Cord meas 2 1/2". BO all sts, leaving a 5" tail.

Side Pleats

Fold pleats on Front and Back at beg of embroidery edging inwards. On LH side of Pullover, at WS of Front, secure (2) I-Cords approx 1" from top and bottom of embroidered section, and 1 I-Cord between them. Close and secure pleat so that embroidery on Front slightly covers embroidery of the Back. Secure buttons opposite I-cords. Rep for RH side.

Designed by Helen Hamann exclusively for Skacel Collection.

Chart(s) for Project 14 can be found on page 115 & 116.

**SIZES**

- Pullover is sized to fit Adult X-small (Small, Medium, Large, X-Large).

FINISHED MEASUREMENTS

- Chest 36 (40, 44, 48, 52)"
- Length 22 (23½, 25½, 27, 28½)"

**DESIGNER NOTES**

- Circular needle is used to accommodate large number of stitches. Do not join; work in rows.
- Placement chart shows stitch pattern for each section, as well as width (in sts) and length (in inches). Center 2 sts are kept in Mock Cable, **do not** include these in bind-off.
- BOB is a method of binding off, then picking up sts that causes the 'chain' of the bound-off stitch to lie on the front of the piece, perpendicular to the direction of the work.
- When picking up for Row 2 of BOB, make sure st count remains constant. It is very easy to miss the last purl bump of the previous row. When picking up sts for saddle shoulder join, **do not** use a separate strand of yarn. Simply pick up a loop from each bound-off shoulder st.

Continued from page 64

SIZES

- Vest is sized to fit Women's Small (Medium, Large).

FINISHED MEASUREMENTS

- Bust 35 (37, 39")
- Length 21 (21, 22")

DESIGNER NOTES

- Yarn for project can be purchased as one 16oz "Giant Skein" from **Hand Painted Knitting Yarns**. The Giant Skein contains 55 yds each of 12 different yarns. Alternating a smooth and a textured yarn provides an attractive contrast.
- Join a new yarn wherever the previous one runs out rather than at the beginning of a row. Be frugal with ends when changing yarns – about 2" is fine.
- Both Fronts and the Back can be worked in corresponding or contrasting sequences of yarns. If the knitter desires corresponding sequences, count how many rows a yarn produced below the armhole and knit the same number of rows of each yarn in the fronts and back.

DUET ST PATTERN (multiple of 2 sts + 1)

FINISHING

Join shoulder seams with 3-Ndl BO method. Using yarn tails from I-cord, attach 3 button loops to Right Front, placing center of top loop 7 1/2" from neck edge and spacing centers of other loops 2 1/4" apart. Reinforce attachment with sewing thread if desired. Sew buttons to correspond on Left Front, working through small buttons on wrong side to keep buttons from drooping. Weave in all ends.

Blocking

Because of varying yarn compositions and textures, do NOT apply heat when blocking. If blocking is necessary, pin to shape with rust-proof pins, dampen with cold water and allow to dry in place.

DESIGNER NOTES

- Standard Sheared Beaver Yarn is available from **Fur Yarn by Paula Lishman** in a 50g (25 yd) ball and a 30g (15 yd) ball. One of each ball will make this project.
- Scarf is knit in 7 row and 5 row sets, with

the fur row set up in a purl bed between rows of St st in cotton. When not in use, fur should be carried up sides of scarf.

- To join two balls of fur, separate cotton spinning from fur strand. Trim a little fur off the hide. Place the trimmed end against the leather side of the other strand. Using a Glover's needle and sewing thread, go through the first strand and come up through both strands. Rep a few times, making sure not to go through the same hole twice as the needle may cut the thread. Tie thread in a knot. Tie cotton spinning together.
- Cotton slab and beaver yarn are available in kits from **Fur Yarn by Paula Lishman**.

FINISHING

Using Glover's needle and sewing thread, tack ends down. Machine wash scarf on delicate or hand wash in tepid water. Do not use harsh detergents or soaps (a tsp. of vinegar can be added to water to clean finished item). Lay flat to dry, out of direct sunlight and block to size until almost dry. Place in air-only dryer for the remainder of the drying time to fluff the fur. To further fluff the fur, brush gently with a dog grooming brush when dry.

Rnd 2: K50, slm, K1, slm, K100, slm, K1, slm, K50, slm.

Cont Rnd 1-2 until piece meas 161/2", end after Rnd 2.

Next rnd: K50, slm, sl 1, slm, BO 100 sts,

weaving in the ends at the center [51 sts rem].

BAG FLAP

Working these 51 sts back and forth in rows, cont even in Garter St until piece meas 81/2" from bound off sts, dec 1 st at each end of the row for 6 rows. BO all sts.

BAG BASE

CO 102 sts.

Row 1: Sl 1, pm, K100, pm, wyif sl 1.

Row 2: K1-tbl, K to the end.

Rep Rows 1-2 until piece meas 61/4", end after working Row 2.

FRONT & SIDE GUSSETS

Beg at base, construct the Front and side gussets as foll:

Next row: K to m, slm, wyif sl 1, working down the ends of the rows, pick up and K32 sts approx 1 st for every row (these 32 sts will become the side gusset), pm, pick up 1 corner st. Turn the work.

Next row: Working back along same side gusset sts, K-tbl, slm, K to m, slm, P1, slm, K Front sts to m, slm, wyif sl 1, working down the ends of the rows, pick up and P32 sts approx 1 st for every row (these 32 sts will become the side gusset), pm, pick up 1 corner st. Turn. Foundation row has been established. Mark this row with a locking stitch marker.

Maintaining the sl sts at the corners on the RS, and p on the WS, work piece in Garter St for 20 more rows. Change to St st and work even until piece meas 161/2" from foundation row (see locking stitch marker). BO all sts.

ASSEMBLY

Lay bag so that the Back/Flap are flat on a smooth surface, with inner divider facing. The slipped sts are at the edges and the end of round marker is facing. Pin the Base/Front/Side Gussets piece to the Back/Inner Divider piece at the Base. Align and pin each side to the slipped st edges of the Back piece. Starting at the center of the unsewn edge of the Base, with crochet hook, join yarn and work slip st through the 3 edges (Base, Back, Inner Divider), matching stitch to stitch and up the sides matching slip sts. Beg at center of the unsewn edge of the Base, work the second half as written for first. Weave in all ends sturdy.

I-Cord Trim

With dpns, CO 14 sts and work I-cord as foll: *K14, slide all sts to opposite end of ndl without turning work. K first st, pulling yarn tightly,

- Size 9 US (5.5mm) double pointed needles OR SIZE TO OBTAIN GAUGE
- Size I / 9 US (5.5mm) crochet hook
- stitch markers, tapestry needle, pins, heavy duty sewing thread and needle
- 15 x 24" piece of tulle or lightweight mesh fabric
- 2, 24" **The BagSmith** leather clip on bag handles
- 1, **SWTC** magnetic purse snap
- Optional: 1 large button to cover magnetic clasp
- Optional: Lightweight Foam, Felt Fabric or Leather as Backing for I-Cord Seams
- Optional: Fabric for inside lining

GAUGE

- 18 sts x 29 rows = 4" in St st (before felting)
TO SAVE TIME, TAKE TIME TO CHECK GAUGE.

K to end of row. Rep from * until piece is approx 48" long. BO all sts and fasten tail.

FELTING

Lightly tack the piece of tulle/mesh fabric between the back and the pocket fabric to prevent the pieces from felting to each other. Place the bag in a large mesh laundry bag and the I-cord in a different mesh laundry bag. Fill washing machine at the small load setting with hot water, a small amount of mild soap, and the two mesh bags. Agitate until the bag width is 17" (I-cord should felt to approx 37"). There may be some curling of the top edges. Flatten the bag, folding the front like a grocery paper bag. Pull flat the edges and allow to air dry. Lay I-cord flat to air dry. Please note that the dimensions given for before and after felting can change depending on the water temperature, type of agitation, and type of yarn. Felt until stitch definition is gone and the fabric thickness is what is desired. The fabric that results for this bag is thick ensuring the finished bag is sturdy and will hold heavier items such as a laptop.

Attaching I-Cord

Fold the I-cord in half and cut in two lengths of 24" each. Fold each end 1" under and sew firmly in place with heavy-duty thread the same color as the bag. Using the photo as a guide, position I-Cord under bag, evenly distributing half the I-Cord on Front and on Back. Pin I-Cord in place 41/2" from outside corners. Stitch I-Cord in place with sewing needle and same heavy-duty thread. Rep for other end of bag. Attach the leather straps in loops formed.

Closure

Attach magnetic purse snap close to the center front of the flap. Attach the snap back to the front body. Sew on a decorative button to cover the clasp as optional finishing.

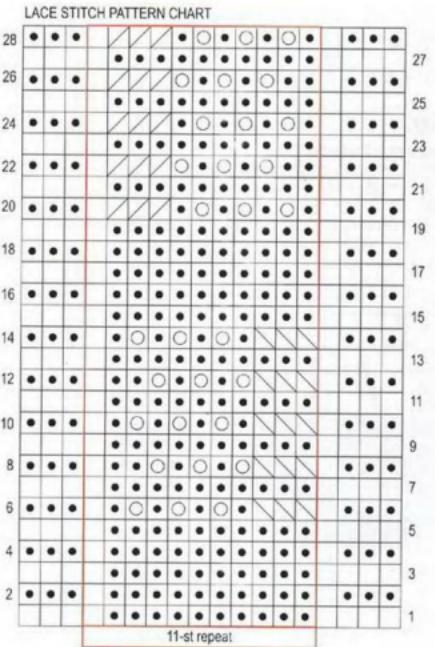

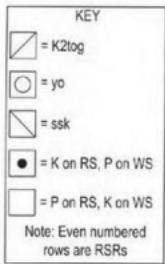

Optional Lining

The inside of the bag can be lined as desired. Note: For added durability, place lightweight foam or leather pieces on inside of bag & sew through all layers (I-cord & backing). This type of sewing can be done at most shoe repair or alteration/tailor shops.
